

Joint protection and hand exercises

Rheumatoid arthritis

How to use this sheet. Do the exercises slowly. Stop before the pain builds — mild discomfort is fine, sharp pain is not. A little every day beats a lot once a week.

1 Tendon glides

Move the fingers through the positions slowly to keep them mobile.

10 times**3 times a day****✓ Should feel**

The fingers moving freely

X Should not feel

Pain that lasts hours afterwards

Gentle regular exercise helps the whole body.

20 minutes

Most days

✓ **Should feel**

Easier movement

✗ **Should not feel**

Exercising through a flare

Stop and telephone us if

- The pain is getting worse, not better, after two weeks
- You get new numbness, tingling or weakness
- The joint swells up or locks
- You feel unwell or feverish
